

EPA Region 4 and the Georgia Brownfield Association are hosting the **2017 Southeast Brownfields Workshop** in **Atlanta, GA** on **November 7-9, 2017**.

This timely event will educate attendees about revitalization in their communities.

- WHO:** More than 200 attendees, including grantees, state environmental agencies, tribes, urban and rural local governments, non-profits, environmental professionals, and community members.
- WHAT:** 2017 Southeast Brownfields Workshop
- WHEN:** November 7-9, 2017
- WHERE:** Georgia Tech Research Institute Conference Center,
250 14th St NW, Atlanta, GA 30318

The Southeast Brownfields Workshop will feature a strong lineup of **PRESENTATIONS** and **PANEL DISCUSSIONS**, with topics including:

- | | |
|--|---------------------------|
| EPA Grants Management | GIS-Based Inventory |
| Urban Case Studies | Solar Projects |
| Smaller Town Case Studies | NJIT Technical Assistance |
| Financial Incentives | Property Valuation |
| Healthy Brownfields | Insurance Recovery |
| Developing a Successful Grant Proposal | Vapor Intrusion |
| Conducting All Appropriate Inquiry | Community Engagement |

SPONSORSHIPS are a great way to highlight your company's work to the more than 200 Workshop attendees. Contact Kelly Andrews with any questions or to discuss which sponsorship level is the best fit for your company.
